

Mansell in signature bid

16 year old Scott Mansell competed in the VSR races at Brands Hatch last month as he gain licence signatures in his bid to become the youngest ever EUROBOSS series driver. Mansell, who came into cars at the back end of last year, will drive the Max Wakefield owned F3000 Reynard 91D that was originally raced to F3000 title honours by Christian Fittipaldi.

Mansell's father, preparation ace Kevin, already runs Wakefield's 1997 F1 Benetton in EUROBOSS. Mansell senior who still races from time to time, was a familiar face in Lotus Cortinas in the BTCC supporting ICS Historic Saloon series a few years ago.
